

Name: _____

E-Learning Activity for Art

Get out your supplies. You will need a pencil, eraser, crayons and this paper.

Monsters in the City

Draw the city. Add a door and rows of windows on the buildings. Draw signs on the buildings. Try to add a car, bike, or bus. Then be creative with your city. For example you could draw monsters in the city climbing buildings, or draw airplanes in the sky! The sky's the limit but please remember this is a drawing for school so please no weapons or fight scenes. Focus on drawing creative new monsters.
